- It is intended to give a time check on VHF (Channel 72 [preferred] or Channel 77 [back-up]) at 30 minutes before the first expected start. This will normally be GPS time; however, in the event of discrepancy, the time announced by the RC will take priority.
- Starts will use a 5-4-1-go sequence. Anticipated times are shown in Appendix A.
- Changes to anticipated start times will if possible be notified via the SORCRaceControl WhatsApp group or email by 2000 on the evening before the race and will be announced on VHF after the time check and at 20 and 15 minutes before the first start.
- Starting signals and recalls will be made on VHF and not signalled visually, changing RRS 26, 29 and 30.
- If conditions are unsuitable for the planned start, boats may be directed to motor in the direction of the course at a speed of not less than 5.5 knots and must try to stay together.

The race may start at any time using the Committee Start Boat procedures specified in the General Sailing Instructions.

4 COURSE
